Description of Technical
Assistance/Training Services
or Materials

CPI services are intended to expand knowledge of effective and culturally relevant prevention services and approaches for all entities currently engaged with ATOD prevention efforts. The CPI functions as an ATOD community prevention technology transfer system development center serving ATOD prevention organizations and practitioners throughout California. Its primary role is to synthesize and translate state-of-the-art ATOD community prevention research-based findings into effective, culturally competent training and technical assistance services that meet the needs of the ATOD prevention services field.

Populations or
Groups Served

ATOD prevention programs/providers, local and administrative state agencies currently engaged in ATOD community prevention, or those groups/organizations that want to become involved in ATOD community prevention.

Eligibility Criteria

TA/training requests must be related to ATOD community prevention issues or requesting group's mission must focus on preventing or reducing ATOD problems within the community.

Application Procedure

Call or write to request for a technical assistance application.

Time Limit on
Availability of Services

Contract with ADP expires on September 30, 2009.

ADP Contract Coordinator

Denise Evans, Program Services Division, Prevention Services
